### Details

The Roska RES-4-USB 4 Gang 13A Switched Socket Extension provides a safe and convenient way to extend your power reach. Featuring four UK Type G sockets and integrated USB charging ports, this extension lead is perfect for homes and offices. It has a 5-meter long, 1.25mm<sup>2</sup>, 3-core PVC cable made of 99.9% copper, ensuring optimal conductivity and durability.

**Safety First:** Built-in overload protection safeguards your valuable devices from power surges. The 13A BS1362 cartridge fuse in the Type G plug adds an extra layer of protection.

**Durable Construction:** Made from robust ABS PVC material with copper terminals, this extension socket is designed for long-lasting performance.

**Clear Indication:** The power indicator light clearly shows when the extension socket is in use.

**Certified Quality:** Complies with UAE.S IEC 60884-2-5 and UAE IEC 60884-1 safety standards and is CE and RoHS certified.

**Warranty Protected:** Enjoy peace of mind with a 1-year warranty.

The Roska RES-4-USB extension lead combines safety, reliability, and convenience, making it an essential addition to any workspace or home entertainment setup.
